## WRIST SIZE GUIDE

### BEFORE YOU MEASURE YOUR SIZE

Before using this guide to find your bracelet size, make sure the document is printed on A4 paper (21 x 29,7 cm) at 100% scale. To verify print accuracy, place a credit card under the line below. If the card length matches the line, the scale is correct.

### MEASURE YOUR WRIST

1. Carefully cut out the bracelet measuring strip along the outer lines on the printout. Make a small slit on the dotted line at the left end.
2. Wrap the strip around your wrist just below the wrist bone, with the numbers facing outward.
3. Insert the pointed end through the slit you made. Adjust to measure as tight or loose as you prefer.
4. Read your measurement and compare it with the chart below. If you fall between two sizes, we recommend choosing the larger one.
